

MIST VII: Workshop on Special Lagrangians and related topics

September 8-10, 2016

Jointly organized by The Institute of Mathematical Sciences & Department of Mathematics, CUHK

Room 502a, 5/F, Academic Building No. 1
The Chinese University of Hong Kong

September 8 (Thursday)

16:00 – 17:00 **Conan LEUNG** (IMS & Dept. of Math., CUHK)
Special Lagrangian submanifolds

September 9 (Friday)

14:30 – 15:30 **Conan LEUNG** (IMS & Dept. of Math., CUHK)
G2 geometry

15:30 – 16:00 Tea Reception

16:00 – 17:00 **Martin LI** (Dept. of Math., CUHK)
An introduction to gluing constructions in geometry

18:30 – 20:30 Banquet

September 10 (Saturday) - Hong Kong Geometry Colloquium

10:00 – 11:00 **Yohsuke IMAGI** (Kavli IPMU, Japan)
Singularities of Special Lagrangians

11:00 – 11:20 Tea reception

11:20 – 12:20 **Jason LOTAY** (University College London, United Kingdom)
Coassociative 4-folds via gluing

13:00 – 14:30 Lunch

~ All are welcome ~
