IMS Workshop on Nonlinear PDEs from Fluids and Related Topics

24-26 March 2014
Room 501a, Academic Building No. 1, CUHK

The aim of the workshop is to provide a platform for active researchers to communicate and interact for recent developments of nonlinear partial differential equations arising from fluid dynamics and other related areas.

Confirmed Invited Speakers:

Masashi Aiki (Tokyo Institute of Technology)
I-Liang Chern (National Taiwan University)
Renjun Duan (The Chinese University of Hong Kong)
John Hong (National Central University)
Chun-Hsiung Hsia (National Taiwan University)
Feimin Huang (Chinese Academy of Sciences)
Yasunori Maekawa (Tohoku University)
Tohru Nakamura (Kyushu University)
Shinya Nishibata (Tokyo Institute of Technology)
Jinhae Park (Chungnam National University)
Peng Qu (The Chinese University of Hong Kong)
Naoki Tsuge (Gifu University)
Yoshihiro Ueda (Kobe University)
Chunpeng Wang (Jilin University & The Chinese University of Hong Kong)
Yanjin Wang (The Chinese University of Hong Kong)
Tong Yang (The City University of Hong Kong)
Yong Yu (The Chinese University of Hong Kong)
Huijiang Zhao (Wuhan University)
Yong Zhou (Zhejiang Normal University)

Organizer:

Zhouping Xin (IMS, CUHK)

Financial Supports:

Programme on PDEs 2013-2014 of IMS, CUHK
RGC Grant
CAS-Croucher Funding Scheme for Joint Laboratories
Focused Investments Scheme - Scheme B in CUHK
